This year has been tough - but helping youth in our community shouldn’t be.

When schools were closed this year, we provided meals, virtual programs, vaccine clinics, and offered social support and resources. We continued to grow, explore, and just be kids - during this challenging year.

Together, let’s give them the support they need now to make great futures possible.

Dear Community Friend and Supporter,

As the end of year nears, we reflect on the many reasons to be grateful in anticipation of a new year, 2022. This year has been a hard one. Yet, we have demonstrated how we can overcome challenges through the power of togetherness.

Together, we have embarked on the largest initiative in the history of the Boys & Girls Clubs of Dane County with the McKenzie Regional Workforce Center, to make sure together, we have embarked on the largest initiative in the history of the Boys & Girls Club of Dane County with the McKenzie Regional Workforce Center, to make sure we have provided 1,000 COVID-19 vaccinations to underserved communities to ensure equity in access. Together, we have provided 140 youth access to summer employment opportunities, earning an income for themselves and to help support their families.

Through YOUR generosity, we:

• Supported over 4,000 youth and families, through education & career development, health & wellness, character & leadership, sports & recreation, and family engagement enrichment programming.
• Provided over 5,000 community meals when food insecurity was at its highest.
• Led the coordination of the 1st African American statue being erected on any state capitol grounds, honoring the legacy of Vel Phillips.

We have accomplished so much together, and there is still much work to do. We thank you for your support in this year: it’s because of YOU, we can make a lasting impact on the lives of young people and families.

We remain committed to our mission - “to inspire and empower all young people, especially those who need us the most.” As we continue to move our mission forward, we know we have a greater impact, together.

Please support our youth and their futures. On behalf of our members, families, and community, THANK YOU, for your past and future monetary gifts.

The first statue on the grounds of a State Capitol of an African American woman will be in Madison, Wisconsin. Vel Phillips was known for many firsts, including the following historic designations:

• First African American woman to graduate from the University of Wisconsin-Madison Law School
• First female and first African American elected to the Milwaukee Common Council
• First African American judge in the State of Wisconsin
• First African American woman to be elected to a statewide office in Wisconsin and the entire nation.

OUR IMPACT

• President & CEO, Michael Johnson, took an idea sparked by young people and acted on it
• Organized a task force to lead the campaign
• 247 donated to the statue campaign
• Launched the Vel Phillips educational fund for Wisconsin youth.
